The University of Texas at Austin

Course Instructor Survey - Expanded Form + Social Work Questionnaire

E152

The major objective of this survey is to aid in improving teaching effectiveness. Your responses provide valuable feedback to instructors, administrators, and other students. The results are used by administrators to make promotion and salary decisions, and responses to some of the items are also made available on the Web for students to use in selecting classes. Your responses to the questions are extremely important, so please respond honestly and fairly. Consider the semester as a whole and try not to focus on isolated incidents. Note: In the scales below, "Neutral" means "no strong opinion one way or another." "Neutral" does *not* mean "Not applicable/cannot rate."
